

REPEL™ “Dual Action” AUTO GLASS CLEANER 25 FL. OZ. (740 ml)

REPEL™ is a patent-pending surface care technology that cleans interior & exterior glass, windshields, side and rear windows, mirrors & lights – without streaking or smearing – and simultaneously forms and bonds an invisible barrier coating to resist re-soiling by water, dirt, grime, dust & fingerprints.

This storage-stable, solvent-free spray product is non-toxic to users and is earth safe. The nano-scale water repellent barrier coating dramatically reduces the adhesion & buildup of re-soiling for easier next-time cleaning.

PROPERTIES

- Active Ingredients: Organosilane Quaternaries
- Other Ingredients: Cleaners
- Flash Point: None (water based)
- Odor: None
- Color: Clear to slightly cloudy
- pH: 3.0 – 5.0
- Viscosity: Consistency of water
